Why Should You Choose Compass SPC?

Impressive Durability

Stone Plastic Composite has the rigidity and durability of stone with the flexibility and versatility of plastic. These composite planks are engineered to perform and last throughout extreme weather conditions which make them great for applications where the room temperature varies throughout the year.

Waterproof

Compass SPC Evolve Series is a waterproof floor. Please see the Product Maintenance sheet for more information on proper product care.

Incredible Style

With 10 styles to choose from; it's very likely that one of the fashionable tones and modern patterns will be the perfect match for your style and your space.

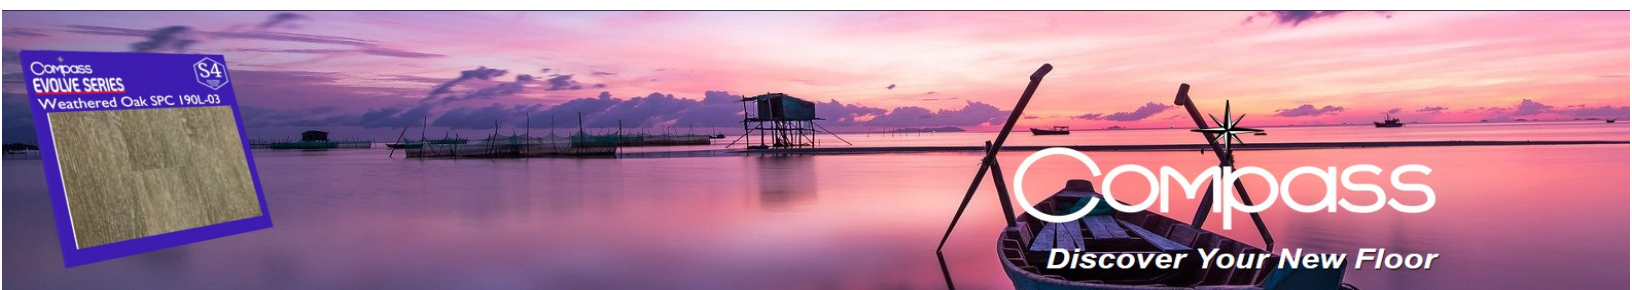

Easy to Install

Features the I4F Lock system for an easy and long lasting installation. For further installation instructions and information on the I4F Lock System please view the Compass SPC Evolve Series Installation Guide.

Air Quality

Created with all virgin materials, Compass SPC Evolve Series does not produce odours or harmful gasses. Breathe easy with Compass.
